COUNTY THANKS LOWE'S FOR DONATION

Montgomery County, Virginia • Montgomery County Parks and Recreation thanks Lowe's for their donation of time and materials for landscaping improvements at Motor Mile Park on Oct. 19.

Christiansburg Lowe's employees volunteered their time at Motor Mile Park off Tyler Road as part of the national Lowe's Heroes project. Each year, employees are encouraged to work on a project that improves their community.

"It feels good to help people that can benefit from what we do," said Lowe's Product Service Associate (PSA) Manager Missy Linkous. "It's good to get out with the employees and to see the camaraderie with everyone working together – our staff and Parks and Rec staff. It makes me feel good to help out. I even had my family there. It was hard work, but the park is beautiful."

This year, Lowe's employees donated over four hours of their time at Motor Mile Park and \$1,267.95 in landscaping improvement materials.

"Prior to their hard work, Motor Mile Park did not have any plants or trees," said Parks and Recreation Director Mitchell Haugh. "Thanks to Lowe's, we now have two wooden planters with flowers, bulbs at our entrance and facility building, nine trees and five picnic tables. The volunteers were great to work with and we all had fun making our community even better. We encourage everyone to come out to a baseball or softball game this spring at Motor Mile Park!"
